

25 May 2016
Residence Palace, Brussels

Energy Savings Summit: Brighter, Better, Bolder

2016 is the implementation year for the Energy Union, and the European Commission has promised to deliver high ambition on energy efficiency.

- How will the EU put **energy efficiency first** in its climate and energy plans?
- How will the extension of the energy efficiency framework boost energy efficiency **markets and investments**?

The **2016 Energy Savings Summit** is the leading conference dedicated to energy efficiency in Brussels ahead of the adoption of proposals by the European Commission. **Join us** on 25 May 2016 for a high level conference followed by a cocktail reception at the Residence Palace in Brussels. **Seats are limited, please register [here](#).**
